Application No. 10/690,748

ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was received electronically at the Board of Patent Appeals and Interferences on June 12, 2007. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matters requiring attention prior to docketing are identified below:

Pursuant to a memorandum dated April 29, 2002 by Stephen G. Kunin, Deputy Commissioner for Patent Examination Policy:

Effective immediately, no appeal should be forwarded to the Board of Patent Appeals and Interferences for decision where: (1) a rejection is supported in whole or part by an abstract without reference to the underlying document, . . . ; or (2) a rejection is supported in whole or part by a prior art document not in the English language,

Application No. 10/690,748

unless accompanied by a translation of the prior art document into English.

This IFW is not in compliance with the above because it does not appear to contain a certified English translation for the Japanese patent to Makoto, JP2000-85515 dated March 28, 2000, which was relied upon by the Examiner in his rejection of the claims.

Accordingly, it is

ORDERED that the application is being electronically returned to the Examiner to have a complete copy of the English translation for the Japanese patent (JP2000-85515) scanned into the record, and for such further action as may be appropriate.
